Other Options Explored

Several alternate sites options were explored for feasibility and suitability including:

- All coterminous School Boards
- Public sector partners – Universities, Colleges, City of TO
- Commercial spaces

-
- No public sector options were available.
 - Significant capital investment to commercial space would be required to meet school standards, which do not include access to outdoor space or a gymnasium.

Student Transportation

- A survey will be sent to all students to indicate if they will require transportation services provided by the School Board. The three options are identified below:
 - No service required.
 - We require transit fare.
 - We wish to utilize the school bus service.
- Students who would like to utilize the school bus service will be provided a list of available bus stops.
- The Transportation unit will be sending new Presto tickets to the school for student use the last week of August.
- Students can pick up their first month allotment the first week of school. TTC/Presto shipments will arrive at the school each month to be allocated out to students who require them.
