

PARLONS FRANÇAIS!

Welcome to Michael Power/St. Joseph's International Languages Department!

Extended French Program

Welcome to Michael Power/St. Joseph Extended French Program!

Michael Power/St. Joseph is one of the TCDSB's first schools to offer an Extended French Program. Since the 1980's, the French Department has been committed to offering a rich, experiential and authentic journey towards bilingualism to those Grade 8 Extended French students who have made the wise decision to continue in the Extended French program at the secondary level. By being a part of Michael Power/St. Joseph's Extended French program, these students have enjoyed the best of two worlds! As our students say, being in the Extended French program allows you to be part of a smaller community within a larger one. So those of you who are currently in a Grade 8 Extended French Program, we hope that you make the right decision! Stay in French and be a part of our longstanding Extended French Program!

The Extended French Program is available to those students who have completed an Extended French Program in elementary school.

In Grade 9, Extended French students will take the following courses in French:

- **French**
- **Religion**
- **Geography**
- **Business**

In Grade 10, Extended French students will take the following courses in French:

- **French**
- **Religion**
- **History**
- **Careers and Civics**

In Grade 11, Extended French students will take the following courses in French:

- **French**
