OUR VISION

At Toronto Catholic we transform the world through witness, faith, innovation and action.

We believe in the worth and dignity of every person and that people thrive in a safe, healthy and compassionate environment. We strive to foster student achievement and well-being by providing all students with safe, healthy learning environment.

One of the ways we can achieve this goal is by using a whole-school approach to develop and nurture a positive school climate. The Safe Schools Action Team will consist of a variety of stakeholders in each school community responsible for advising the principal about school safety. The team will collaborate with the principal to create the local Safe Schools Plan.

1. Bullying Awareness, Intervention and Prevention
2. Progressive Discipline
3. Promoting a Positive School Climate
4. Emergency Response Plan

In order for all students, staff members and parents/visitors in the school facility to be prepared to respond to a serious threat, the response procedures must be practiced. The Toronto Police/School Board Protocol, 2011 requires a minimum of 2 Lockdown Drills every school year.

Please see below for the scheduled drills:

LOCKDOWN DRILLS 2019-2020

1. Bullying Awareness, Intervention and Prevention Plan

Providing students with an opportunity to learn and develop in a safe and respectful society is a key goal of the TCDSB. Providing students with an opportunity to learn and develop in a safe and respectful environment supports academic achievement for all students, which in turn, helps them to reach their full potential. Research and experience show that bullying is a serious issue that has far-reaching consequences for individuals, their families and peers and the entire school community. Schools that have bullying intervention and prevention strategies foster a positive learning and teaching environment that supports academic achievement for all students and that helps students reach their full potential. PPM 144

School Vision

Students will thrive in a school environment in which every member of the school community feels a strong sense of belonging and acceptance; the physical, emotional, social, spiritual, intellectual, and psychological well-being of every student is nurtured; bullying intervention and prevention strategies are clearly defined, understood, and demonstrated.

When inappropriate behaviour occurs, disciplinary measures should be applied within a framework that shifts the focus from one that is solely punitive to one that is both corrective and supportive. Schools should utilize a range of interventions, supports and consequences that include learning opportunities focused on reinforcing positive behaviour and helping students make good choices.
