Re: St. Leo/St. Louis Catholic Schools Consolidation
Status of the Capital Project for April 2017

Capital Development continues to work on the development of a new school at the site of St. Leo Catholic School to consolidate the student populations of St. Leo and St. Louis Catholic schools. The status of the project is as follows:

- The feasibility study has been completed and DTAH Architects will present the results on May 25, 2017, starting at 7:00pm at St. Leo CS, both schools have been notified and members of both CSPC committees will be in attendance.
- A Request for Proposal for architectural services for the new school will be issued to prequalified architects shortly.
- Senior staff continue to pursue potential property acquisitions to expand the current land holdings for the new school facility.

Please share this information with your school community. For updated information on the project please advise parents to check the Board website at
