Re: St. Leo Catholic School - Status of the Project for November 2016

Capital and Planning Departments are beginning work on the development of a new school at the site of St. Leo Catholic School to consolidate the student populations of St. Leo and St. Louis Catholic schools. The status of the project is as follows:

- The school room and space program (Space Plan Template) was approved by the Ministry of Education on November 15, 2016, based on a new 500 pupil place replacement school which is to include 3 child care rooms. With this approval, the Board may engage an architect for the new school.
- A Request for Quotation to select a consultant for a feasibility study to review site options for the project will be issued in December 2016.

Please share this information with your school community. Please also advise parents to check the Board website at <https://www.tcdsb.org/schools/stleo/News/Pages/New-Construction.aspx> for updated information on the project.

Yours truly,

A handwritten signature in blue ink, appearing to read "DFriesen", is written over a circular stamp.
