Re: St. Leo/St. Louis Catholic Schools Consolidation
Status of the Capital Project for October 2017

Capital Development continues to work on the development of a new school at the site of St. Leo Catholic School to consolidate the student populations of St. Leo and St. Louis Catholic schools. The status of the project is as follows:

- Senior staff are reviewing and considering the recommendations set out in the DTAH Architects feasibility study submitted in October 2017.
- The Request for Proposal for architectural services for the new school will be issued to prequalified architects in November; following review of proposal submitted and interview of short-listed proponents, a recommendation for award of a consultant contract will be taken to the Board for approval;
- A presentation of the final feasibility study and implementation plan to parents will be part of the introduction of the architect for the new school;

Please share this information with your school community. For updated information on the project please advise parents to check the Board website at

<https://www.tcdsb.org/schools/stleo/News/Pages/New-Construction.aspx>.

Yours truly,

Deborah Friesen, OAA, LEED AP
