

John Filion

Toronto City Councillor Ward 23-Willowdale

May 14, 2015

Dear Residents,

As you may know, the Toronto Catholic District School Board (TCDSB) is planning an addition at St. Paschal Baylon School. The proposal is to construct 17 classrooms, plus 3 “half-size” resource spaces, to replace the 18 portables currently on the site. The addition will also include a new double gymnasium, library and administration offices. A new main entrance will be located off a new internal roadway running from Crossen Drive to St. Paschal Court. This roadway will remove bus loading and parent drop-off from the streets surrounding the school. Following completion of the addition, the portables will be removed and the playground will be redeveloped with additional trees and naturalized play areas.

The TCDSB is required by the City of Toronto to get Site Plan Approval. Site Plan deals with such things as landscaping, location of buildings, location of garbage and garbage removal.

As neighbours who would be directly affected by the proposal, I am inviting you to a Community Consultation Meeting. The meeting will take place **Monday, May 25 at 7:00 p.m. in the Gymnasium at St. Paschal Baylon School**. To RSVP or for more information please contact Catherine LeBlanc-Miller in my office at 416-395-0346 or cleblan3@toronto.ca

Sincerely,

John Filion, Councillor
Ward 23, Willowdale

John Filion

Toronto City Councillor Ward 23-Willowdale

Sincerely,

John Filion
